Facts and Fancies  
By Frank Fairborn

I was riding in a street car in Toronto the other day and noticed a large sign read something like this "Safety First—Ladies, on alighting from the car be sure to grasp the bar with the left hand."—Signed The Society for Safety."

As I read the sign I said "It is rather peculiar that this sign is addressed to the ladies and says nothing about the gentlemen." Then my mind reverted to the innumerable extracts I had read in the newspapers about ladies receiving falls on account of the fact that so many of them got off street cars backwards, grasping the bar with their right hand and stepping the contrary way to which the car was going, instead of grasping the bar with their left hand and stepping the same direction as the car was going.

It is a rare thing when to be thrown down when they get off a street car, while it is a very frequent thing for ladies to be thrown down.

A man was dwelling on this line of thought, the thought ran through my mind "How would it be to suggest to the ladies that when they learn to get off a street car properly, they be given the vote."

As this thought ran through my mind, I smiled to myself and said "I wonder if Mrs. Pauline Hurst knows how to get off a street car the right way." Just at that moment the car stopped and a lady stepped down and deliberately started to get off the wrong way. I yelled to her to turn around as the car was still in motion, but she paid no heed and stepped off and Biff! Bang! Heels up, Tom Kelly! Down she went and as she sat on the ground she looked up at me as mad as a hatter, because I had warned her.

Fortunately, the lady was not hurt, but it's doughnuts to dollars that the next time she steps off a street car she will step off the wrong way again, and will naturally blame the conductor, or the motorman or the company for throwing her down, when she falls.

I used to say that the most clever men in the world were the motormen on the trolley cars on Broadway, New York.

I have seen these men do some of the most amazingly clever things. For instance, I have seen them start their cars after being in a jam and run at a high rate of speed for twenty-five feet and stop the car instantly in order to prevent striking an obstruction, and their day's work is almost a repetition of this—moving twenty feet, then one hundred feet at lightning speed, then a quick stop, then ten feet, another stop, then another short swift run, then a stop and so on through the whole down-town district, while, marvelous to relate, these men have few accidents and really make good time.

Toronto is not as congested as New York but just the same, the street car men in Toronto are a pretty clever bunch and when the tremendous amount of traffic which they handle is considered, and when the low percentage of accidents is taken into consideration, we must acknowledge that they handle a lot of people and handle them cleverly and well.

The sudden and mysterious disappearance of Miss Blanche Yorke of Tamworth, Ont., about ten days ago, the sudden disappearance of Rev. Mr. Hunt of Bridgeburg, and the sudden disappearance of quite a few other men, women and children, cannot be accounted for, but it is evident that he has Abolished the fear policy out of the minds of the people.

This sudden disappearance of people is a most peculiar thing and one that has always puzzled me a little.

A bright, intelligent, nice looking, well behaved lady of thirty-two or three, stepped out on the street of a summer's evening, Presto! She disappears. No human being saw her go. No one in the whole world, apparently, knows where she is. Not the slightest sign of foul play, not the slightest breath of scandal, not the slightest clue to account for her sudden departure from "going out and coming in among her friends."

A minister of the Gospel, a newly arrived resident of Bridgeburg, a man against whom so far there has been no breath of suspicion, goes across the river to Buffalo and Biff! Bang! he disappears from the face of the earth, as far as the people of Bridgeburg are concerned.

A woman cooks dinner for her husband, in the City of Hamilton; everything is apparently all right, but when he returns to supper! Jimminy Crickets! the house is empty, the bird has flown.

A beautiful girl kisses her mother, steps out through the front door and for the next two weeks the police of a dozen cities are kept busy hunting for her, when lo and behold! One day she walks unconcernedly into her home and scarcely deigns to give an explanation of where she was.

This is a funny world, but it isn't everyone in it who enjoys it.

There are so many different conflicts going on in so many different human and it is a great blessing that it is so.

perhaps, their next door neighbor is going to do next.

There are jealousies, love longings, heart rendings, aspirations, inspirations and conflicts of all kinds going on in human minds, hidden from the world around them, and the time comes when the conflict gets stronger than the individual and a party disappears or does something else that is entirely unlooked for and unexpected.

So many things happen that the general public cannot find reasons for and yet you may be sure that deep down at the bottom there certainly is a reason.

The most unfortunate part of these many disappearances, is the fact that aside from the individual altogether, they create heart burnings, consternation, sorrows and trouble amongst their immediate relatives, friends and neighbors.

As our country increases in population, those kind of things will increase in number and it is only a fulfillment of the old adage "Many men of many minds, many birds of many kinds."

Things that will drive one man to destruction and cause an individual to do some ridiculous or unthought of thing has no effect whatever on another man and it is a great blessing that it is so.

Many of these disappearances have their foundation in a vicious reason and the parties disappear for the purpose of carrying on some vicious or unlawful intrigue, but many of them have other and entirely different reasons.

In some cases the victim loses temporary control of himself and wanders away either suffering from an illusion or temporary derangement.

In other cases a great trouble has grown on their minds, until it becomes an obsession and they can no longer be normal and are driven to fly from their homes to seek forgetfulness in another part of the country or to commit suicide.

In some cases the parties who disappear are very much to blame for their conduct, while in other cases no blame can be attached to them, but in every case, they afford excellent material for the newspapermen and fine opportunities for the gossips.

A report of the Provincial statistics reveals some of the most surprising things.

One is that in the Island of Manitoulin there were three times as many commitments to jail under the Scott Act in one year, as there were under license in one year.

Another peculiar thing is the fact that 3,770 persons who were committed to jail during the year declared themselves to be total abstainers from liquor.

This would indicate that total abstainers are as liable to get into trouble as any other class of people.

The total cost of the Provincial jails for the year was two hundred and three thousand dollars. This amount was more than covered by the Provincial share of the license fees, the total amount of which was seven hundred

## "LINCOLN'S LAN" WILL

(Continued from page 1)

practical expression of our good wishes for the future and a slight recognition of your past services to Lincoln and this great Dominion. Signed A. Courtney Kingstone, President. Henry O'Loughlin, Secretary.

Mr. Lancaster said he could without conceit usually express himself but on this occasion he was at a loss to find words to say what he felt in his heart. He was no hypocrite and he was not a whit ashamed to say to them that he appreciated this gift. It would relieve his anxiety over big doctors' bills for one thing. The kindly sentiments expressed he appreciated deeply.

Brief addresses of a congratulatory nature were made by Dr. Elliott, J. A. Keyes, David Allan, W. J. Droke, E. C. Graves and Ald. Chaplin.

Then came the surprise of the evening, when Mr. Lane stood up and spoke as follows:

Mr. President and Gentlemen:—

I have asked you to meet me to-day because I find it will be impossible for me to again offer myself to the people of Lincoln to serve them in Parliament, and I feel it to be my duty to let you know of that condition now so that you may not be hampered or prejudiced in any way in selecting my successor.

My experience and knowledge as to many other constituencies shows that many a man who would make a splendid representative refuses nomination and is lost to Parliament, because not sought until too short a time before elections to permit of arrangement of his private affairs. At the risk of being accused of vanity I also think it possible that more than one good man might refuse to consider the matter at all as long as there was any probability of myself being willing to continue. Also by known, the condition of affairs at this time you and all the delegated representatives of the party to any convention to be called will have ample time to fully consider the many able men contained in our party and make the best selection.

I regret exceedingly that I cannot continue to serve the people in Parliament, but common honesty and my duty to my family compel me for the future to devote my working hours to earning a living to say nothing of laying up something in case Providence spares me to old age when I may not be able to work.

I have devoted fifteen of the best and most efficient years of my life to the people and can say without boast that my work has been of substantial benefit to the people in more than one branch of legislation, but during the last three years practically all my time and energy between sessions has been required for my public duties (and for more hours every day than any man should work) with the result that I have had to live on the little I had laid by and, as I cannot make a living and continue in Parliament, I must in the future be content with merely looking on at public affairs and the satisfaction that comes from living by my profession and knowing that I am supporting those who have a right to it from me in a fitting manner without having to get into debt to do so (and as I have said) laying by something for old age. Words fail me to adequately express my deep thanks and appreciation of the confidence always reposed in me by our association and endorsed by the people of Lincoln continuously during the last fifteen years and of your many kindnesses in condoning my many shortcomings.

We have now in my opinion the most prudent and progressive government since the construction of the Canadian Railway, and my last word is to urge you to see that Lincoln does not fail to do its full share to sustain and support that Government in working out Canada's destiny.

Some little time was spent in informally discussing the matter and finally it was arranged to leave it in the hands of the president to call a convention or to act as he considered best in the interests of the party.

Mr. Lancaster said he would serve in another session of parliament if one were called, so that a by-election would not be necessary.

Then the gathering was regaled to refreshments, songs were sung and a generally good time spent.

## SUFFERED EVERYTHING

For Years, Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Canadian women are continually writing us such letters as the following, which are heartfelt expressions of gratitude for restored health:

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and never found any medicine to compare with it. I had ulcers and falling of womb and doctors did no good. I suffered dreadfully for years until I began taking your medicine. I also recommend it for nervousness and indigestion."—Mrs. HENRY CLARK, Glanford Station, Ont.

Chesterville, Ont.—"I heard your medicines highly praised, and a year ago I began taking them for falling of womb and ovarian trouble.

"My left side pained me all the time and just before my periods which were irregular and painful it would be worse. To sit down caused me pain and suffering and I would be so nervous sometimes that I could not bear to see any one or hear any one speak. Little specks would float before my eyes and I was always constipated.

"I cannot say too much for Lydia E. Pinkham's Vegetable Compound and Liver Pills, for there are no medicines like them. I have taken them and I recommend them to all women. You may publish this testimonial."—Mrs. SUSAN J. MARTIN, Chesterville, Ontario, Canada.

Constable John Newman, of GRIMSBY East, had his first case last Friday. A man who came over to the Beach with a picnic, climbed into a cherry tree in Hamilton Fleming's orchard and started to pick a winter's supply of cherries into baskets. Reeve Fleming called in John and John paid a visit to the Fleming orchard. The man was up a tree and John grabbed him by the seat of the trousers and gave a pull. Up and down went John onto the ground with the bottom of the man's pants in his hands. He eventually got his man and brought him up before Magistrate Kidd who let him off on suspended sentence, with a lecture on how to raise fruit of his own and not steal his neighbors'.

Mr. and Mrs. W. L. Stephen celebrated the fortieth anniversary of their marriage by taking a seven weeks' trip to Scotland and have returned after enjoying a very pleasant visit with many friends. The ocean voyage was all that any person could wish for. Kind and pleasant people to associate with and every comfort that could be desired and a drive of twenty miles through the most beautiful scenery in Scotland was very indeed and will not soon be forgotten.

The Whiting customers in this neighborhood who have been anxious at awaiting the result of the trial at Welland of the famous Whiting case will be pleased with the information forwarded by Mr. Hugh Mitchell of Niagara Falls, that while the Judge has not given out his decision, their lawyer has assured them that Mr. Whiting is beaten. The lawyer further states that the evidence admitted from New York State was quite damaging in spite of the fact that the Judge wasn't trying the man's character. The Judge's decision should be given shortly. So confident are the Niagara growers of victory, that they are already apportioning the cost of the action.

Born eighty-six years ago in the township of South GRIMSBY and a resident of Beamsville practically all his life until some two years ago when he went with his aged partner to live with his son in Woodstock, Cyrus Russ passed away in that city on Saturday night after but a few hours' illness. He had been in the best of health up to a couple of years ago and bore his advancing years with strength and activity. The late Mr. Russ took a deep interest in the welfare of Beamsville, serving a number of terms on the council. He was an active adherent of the Methodist church and a member of the board of officials. The remains were interred in Mount Osborne cemetery yesterday morning. His widow and two sons, Alvin, of GRIMSBY and Harvey, of Woodstock, survive.

## GRIMSBY BEACH HAS BEEN A BUSY PLACE THE PAST WEEK

There are More Picnics and Larger Picnics Than Ever at This Popular Resort This Season—Civic Holiday, Aug. 3rd.

Between the Sunday boat, picnics, near-drawings, rescues and the big show in the auditorium, GRIMSBY Beach has been a pretty busy place the past week.

This season has seen more picnics and larger picnics into the Beach than ever before in its history, and the management are to be congratulated upon the manner in which they are handling the large crowds. Three and four thousand people a day is a regular thing at this popular resort these days and it is to be hoped that they continue to have large crowds.

The Park House hotel is starting to fill up, and is now handling about its usual large crowd of weekly guests. The Lake View is open and is rapidly filling up. A great number of bookings have been made at this time the effect of the money stringency but very little.

All the concessions report doing an excellent business and state that they do not feel the effect of the money stringency but very little.

The Macassa is making regular trips into the Beach and is being helped out almost daily by the Rapids King. The boats are bringing in great crowds of picnickers.

The business at the Auditorium has picked up wonderfully during the past week and this house is now doing a business almost equal to the remarkable business of 1911, when the Sarah Gibney Stock Co. held the boards.

The last two bills presented were pleasing ones, and did a lot towards popularizing the company.

The bill "The Mountaineers" is about one of the best comedy dramas produced in this house and the comedy supplied by that irresistible funny man, Eddie Black, is of the highest type. His portrayal of the "Rube Kid" is a wonderful and life-like piece of acting and he keeps his listeners in uproars of laughter at all times.

Next to Mr. Black, the work of Miss Burdell is the outstanding feature, her sweet winsome manner, coupled with clear enunciation and clever acting, is making her a big favorite with the attendants.

The bill the last half of this week is one that shows what a woman will do for a man she loves and especially so if he happens to be her brother. The "For Her Brother's Sake" is the title of the bill and we know that you will be pleased with it, as it is a bill that will grip you from curtain to curtain, with a carload of laughs thrown in.

"A Woman's Revenge" is the bill for the first half of next week.

Monday, August 3, has been proclaimed Civic Holiday by Reeve Randal and it is also Toronto's Civic Holiday. The Beach will be in excellent condition to entertain you on that day and we want you all to be present and enjoy yourselves.

The 44th Regt. band will give a grand free open air band concert on the picnic grounds from 6:30 to 8 o'clock and it is a foregone conclusion that you will enjoy this musical treat.

In the Auditorium, the Kneckerbocker Co. will present one of the sweetest stories ever written, "The Village Blacksmith," a play that will touch the heart chords of all who see it.

## HEALTHY HAIR—NO MORE DANDRUFF

### USE PARISIAN SAGE

It's entirely needless to have unslightly, matted, thin or faded hair. A little care in all that is needed to make it thick, pretty, perfectly healthy and free from dandruff.

Use Parisian Sage—it supplies hair needs and is absolutely harmless. It quickly stops itching head and falling hair, and is one of the best tonics to invigorate the scalp and make the hair grow long and beautiful.

Get a bottle of Parisian Sage today from W. M. Stewart Drug Co. or at any drug counter. It costs but 50 cents. Rub it into the scalp—all dandruff disappears—your head feels fine—the hair is pretty and perfectly healthy.

### HAMILTON MIDSUMMER RACES NEXT WEEK

The Hamilton Jockey Club mid-summer meeting which commences on Saturday, July 25, and continues until Sunday, August 1, promises to be a great success. Applications for starting room are being received daily at the Hamilton track and already there are a number of horses at the course including quite a few jumpers which are being schooled for the contests through the field. There will be seven races carded for each day and with fine weather this should be the banner meeting in the history of the club.

On opening day the Prince Edward Selling Stakes for three-year-olds and upwards will be the feature race, the distance being one and one-quarter miles. On Tuesday, July 28, the Nursery plate for two-year-olds will be run which will bring together a classy field of youngsters. The Brantford Selling Handicaps will be run on Thursday, this being a race for three-year-olds and upwards, the distance being one mile on the turf and on Saturday, August 1, the Hamilton Cup handicap at a mile and a quarter for three-year-olds and upwards will be carded and promises to bring together a lot of the best horses on the Canadian circuit this year.

## The Secret of Health is Elimination of Waste

Every business man knows how difficult it is to keep the pigeon holes and drawers of his desk free from the accumulation of useless papers. Every housewife knows how difficult it is to keep her home free from the accumulation of all manner of useless things. As it is with the body. It is difficult to keep it free from the accumulation of waste matter. Unless the waste is promptly eliminated the machinery of the body soon becomes clogged. This is the beginning of most human ills.

## By-Law No. 218

A By-Law respecting the Hamilton Cataract Power, Light and Traction Company, Limited.

The Council of the Corporation of the Township of North Grimsby enacts as follows:

1. Subject to the terms and conditions hereinafter set forth, the Hamilton Cataract Power, Light & Traction Company Limited, (hereinafter called the Company) hereby authorizes and permits to erect poles and stretch wires along the streets and public ways within the Township of North Grimsby for the purpose of supplying electrical energy or current to the Corporation and to private parties, firms and corporations, companies, residents or parties within said Township, with all necessary powers and privileges to enable the Company to accomplish its purpose, to complete, extend and improve an electric system for lighting the township and for the supply of electrical energy or current to those who may desire to use the same.

2. All poles erected under this By-Law are to be located by the Council through its designated agent or official, provided however, that the Company is at liberty to have the poles located at a greater distance than one hundred and fifty (150) feet or a lesser distance than ninety (90) feet apart.

3. All cutting and trimming of trees, which may be necessary to permit the safe stranding of wires or to prevent electrical grounds or other disturbance, shall be done under the direction of the Council through its properly designated officials.

4. For the facilitation of its business and for the greater convenience of its customers, the Company will conduct its business as far as may be possible exclusively through a local agent, who will habitually reside in the Township, or so conveniently near thereto that his services will be available to safeguard the interests of the Corporation and other customers and the local interests of the Company.

5. Nothing in this By-Law is to be considered as limiting the rights or powers of the Council to grant to other parties rights similar to those hereby granted to the Company.

6. The Corporation is to have the option, any time upon giving one year's notice in writing, to purchase or purchase the electrical plant and system contemplated herein at a valuation to be decided upon between the parties hereto, or by arbitration if the said parties are unable to agree.

7. The privileges granted by this By-Law may terminate after the day of 1939, upon the Council giving notice to the Company in writing, or otherwise so to notify the same, as served by personal delivery to, or by registered mail, addressed to the President, Secretary or General Manager of the Company in Hamilton. Upon such delivery or mailing, the Corporation, the rights and privileges of the Company under this By-Law will cease and determine five (5) years from the date of said notice, and all poles, wires and other structures and apparatus will be promptly removed from the highways and public places of the Corporation.

8. This By-Law and the powers and privileges hereby granted shall not be affected by being upon the said Corporation unless formally accepted by the said Company within sixty days after the passing hereof by an agreement which shall be signed and witnessed by the parties hereto, and with all the agreements, obligations, terms and conditions herein contained.

Passed this day of 1914.

THOS. W. ALLAN, Clerk.

## Agreement

THE HAMILTON CATARACT POWER, LIGHT AND TRACTION COMPANY, LIMITED (hereinafter called the "Company").

Of the First Part,

THE MUNICIPAL CORPORATION OF THE TOWNSHIP OF NORTH GRIMSBY (hereinafter called the "Township").

Of the Second Part.

WITNESSETH that in consideration of the mutual covenants, provisions and conditions hereinafter contained, the parties hereto have mutually agreed, and by presents do mutually covenant and agree as follows:

1. The Company, for itself, its successors and assigns, doth hereby covenant and agree to and with the Township that, subject and pursuant to the terms and conditions hereinafter set forth, the Company may furnish such electric lights as the Township may order or desire for the purpose of lighting the streets and public places of the said Township for each and every night during the period hereinafter mentioned, provided that the Company shall not be required to furnish fewer than fifteen (15) incandescent lights of sixty (60) candle power (nominal) at any time during the period of this contract.

2. The said lights shall be furnished and maintained free from any expense to the Township save the contract price hereinafter mentioned, except as herein after provided. The lights herein agreed to be furnished by the Company shall be lighted every night during the period of this contract from dusk at night until dawn of the following day, and the time of lighting and extinguishing shall vary from day to day, as far as possible, as per the table of lighting prepared by the Board of Works of the City of Hamilton under date of December 1, 1902, giving a total of 3321.02 hours per year, a copy of which is annexed hereto.

3. The said fifteen (15) street lights, and any additional street lights, as may be desired by the Township at this commencement of the contract, will be located in such places as the Township may designate, and upon between the parties hereto. Any further and additional street lights ordered by the Township shall be located in such places as may be specified by the Township in writing, provided that where additional lights are required by the Township to be located at a greater distance than six hundred (600) feet from any other street light, the cost of extending the poles, wires and lines beyond the said distance of six hundred (600) feet shall be paid by the Township.

4. The Company shall not be required to make any extension to the street lighting system, or to furnish any additional street lights during the last year in which this contract is in force, except at the expense of the Township unless otherwise mutually agreed upon between the parties hereto.

5. The Company will, at the request and at the expense of the said Township, move any one or more of the said street lights to other positions different from that in which the said lights or lights shall have been first placed. When such changes in location are desired, the Township, the Reeve or the Township shall notify the Company, who will furnish an estimate of cost before the work is commenced and the Company shall not make such changes without written instructions from the said Reeve.

6. The street lighting system to be installed by the Company will be particularly adapted for the use of tungsten incandescent lamps, but the Company will furnish incandescent arc lamps of a rated consumption of 450 watts or greater at the terminals as the Township may desire, provided that the number of such arc lamps shall not be such to create any disturbance in the operation of the other lights of the system.

7. The prices to be charged by the Company to the Township for street

lights shall be as follows, and the Township agrees to make payment to the Company at these rates:

Each 45 watt arc lamp, \$50 per annum

Each incandescent lamp as follows:

### FULTON LADY INJURED

A street car and an automobile became mixed up at the corner of King and Victoria Avenue, Hamilton, Thursday morning with the result that Mrs. Annie Nelson, of Fulton, one of the occupants of the car, was cut around the head. The car containing Roy Birch, the chauffeur, Mrs. Nelson, her daughter-in-law, Mrs. Nelson, her daughter, Miss A. Nelson and two granddaughters of Mrs. Nelson, turned from Main street to Victoria Avenue and evidently did not hear the approaching east-bound car. The chauffeur attempted to steer out of the way and the car struck the auto a glancing blow, the fender ripping the rear tire from the motor. Mrs. Nelson, sen., was thrown against the wind shield and sustained a badly cut head. The other occupants of the car escaped without injury beyond severe shaking up. Mrs. Nelson was carried into the office of Dr. Leach, where her injuries were dressed. Dr. Rennie was summoned and he had her removed to St. Joseph's Hospital, where it was found that her injuries were not serious.

Mr. Robert Brown, who has been a resident of GRIMSBY for the past two years, passed away at the home of his daughter, Mrs. Lawrence Glass, Dorcas Avenue, GRIMSBY, on Friday

The deceased gentleman was a native of the county Down, Ulster, Ireland, and came to Canada in 1886. He resided in Toronto until 1904 when he came to GRIMSBY to live with his daughter, Mrs. Glass.

His wife pre-deceased him ten years ago.

Mr. Robert Brown was a prominent member of the Loyal Orange Association, having been a member in Ulster over sixty years ago. When he came to Toronto he affiliated with one of the local lodges and was a member in good standing up to the time of his death and quite a number of the local Orangemen turned out to the funeral on Sunday afternoon at four o'clock.

Service was held in the house by the Rev. L. H. Currie and interment took place at Queen's Lawn cemetery.

Three of his sons and all of his daughters were present at the funeral, one son who lives in Providence, Rhode Island, being unable to be present.

The deceased is survived by four sons, John, of Providence, R. I., Robert, James and David, of Toronto, and three daughters, Mrs. Prentice and Mrs. McCarter, Toronto and Mrs. Lawrence Glass, GRIMSBY.

### IT'S A GOOD LETTER AFTER ALL

Someone has advanced the opinion that the letter "e" is the most unfortunate letter in the English alphabet, because it is always out of case, forever in debt, never out of danger and in hell all the time. For some reason he overlooked the fortunates—the letter, as we call him, attention to the fact "e" is never in war and always in peace. It is the beginning of existence, the commencement of ease and the end of trouble. Without it there would be no meat, no life and no heaven. It is the centre of honest, makes love perfect and without it there could be no editors, devils nor news.—Fourth Estate.

### IT'S A GOOD LETTER AFTER ALL

Someone has advanced the opinion that the letter "e" is the most unfortunate letter in the English alphabet, because it is always out of case, forever in debt, never out of danger and in hell all the time. For some reason he overlooked the fortunates—the letter, as we call him, attention to the fact "e" is never in war and always in peace. It is the beginning of existence, the commencement of ease and the end of trouble. Without it there would be no meat, no life and no heaven. It is the centre of honest, makes love perfect and without it there could be no editors, devils nor news.—Fourth Estate.
